

At the heart of Shaw Contract we design products and solutions with our customers in mind. Everybody counts.

Sustainability is what unites us. It is our foundation and our purpose: our equal rights, our shared experience, our hopeful future. It is the air we breathe and the earth we stand upon.

Material Health

We design and manufacture products to optimise human environments.

Cradle to Cradle Certified®

Designed and assessed for environmental and social performance across five critical sustainability categories: material health, material reuse, renewable energy and carbon management, water stewardship, and social fairness.

Indoor Air Quality

People spend 90% of their time indoors, making these environments critical to our wellbeing. Selected products are Green Label Plus (GLP) Certified, which exceed the GBCA's Green Star and WELL Building Standard for indoor air quality.

Carbon Impact

We are a positive force in the global effort to collectively fight climate change.

Carbon Neutral

All EcoWorx® carpet tile products sold in Australia & New Zealand are 100% Carbon Neutral. All of our commercial carpet operations internationally are Carbon Neutral, including our extensive global manufacturing facilities and showrooms.

EcoSolution Q100™ Reduces Carbon

EcoSolution Q100™ is a high-performance nylon fibre with 100% recycled content, optimised for low embodied carbon. Every square yard reduces the carbon impact by 42%, versus traditional carpet tile.

Circular Economy

We practice a regenerative, closed-loop approach to sustainability.

re[TURN]® We Want it Back

At the end of its useful life, we'll reclaim and recycle EcoWorx® backed carpet to make more EcoWorx® carpet products at no cost to you. Since 2006, Shaw has reclaimed and recycled nearly 1 billion pounds of post consumer carpet reducing landfill waste.

Diversity, Equity & Inclusion

We nurture an environment where every voice and perspective can be heard, with equal value placed on seen and unseen experiences.

Supplier Diversity Program

For each purchase of Shaw Contract flooring, 30% goes to support small & diverse businesses. We want to promote supplier participation that is reflective of Shaw's diverse customer base and local communities, bringing more innovation and opening new markets for growth.

View sustainability documents for some key product platforms below.

Additional product-specific documents and sustainability certifications are listed on every specification on our website.
