01

FALL IN LOVE WITH COLOR

Invite the warmth and coziness of the season into your home with these natural tones and textures. Earth tones help ground your space and bring all the beauty of nature into your home.

BRING THE OUTDOORS IN

Welcome the cooler seasons and improve your feeling of wellbeing by inviting more organic textures and natural tones into your home.

02

WARM UP YOUR HOME

Cooler weather calls for cider, candles and cozy fleece blankets. Infuse your space with a familiar sense of warmth by mixing in grays, earth tones and unexpected textures like travertine or faux concrete.

style: castlewood prime
color: 1095 turret

INDULGE YOUR INNER MINIMALIST

Keep things interesting with simple
pops of texture to your space – without
ever having to sacrifice functionality.

03

EMBRACE THE HOME OFFICE

Flexible spaces are a necessity in our increasingly flexible work lives, bringing new attention to the home office. Small changes make a world of difference in this vital space. Upgrade your office, so it can start working harder for you.

BE ADAPTABLE

From at-home school days to your trusty desk chair, our floors are designed to hold up against all facets of life that are now intersecting inside your home. People are reimagining home office design to be more adaptable to new lifestyles.

color: 128 baltic stone

EMBRACE THE CLUTTER

Like it or not, our reality is constantly on display — kids, pets, clutter and all. Minimalism doesn't work for everyone, and that's okay. *Embrace the clutter!*

caress
style: subtle aura
color: 156 delicate cream

04

PLACES FOR PEOPLE + PAWS

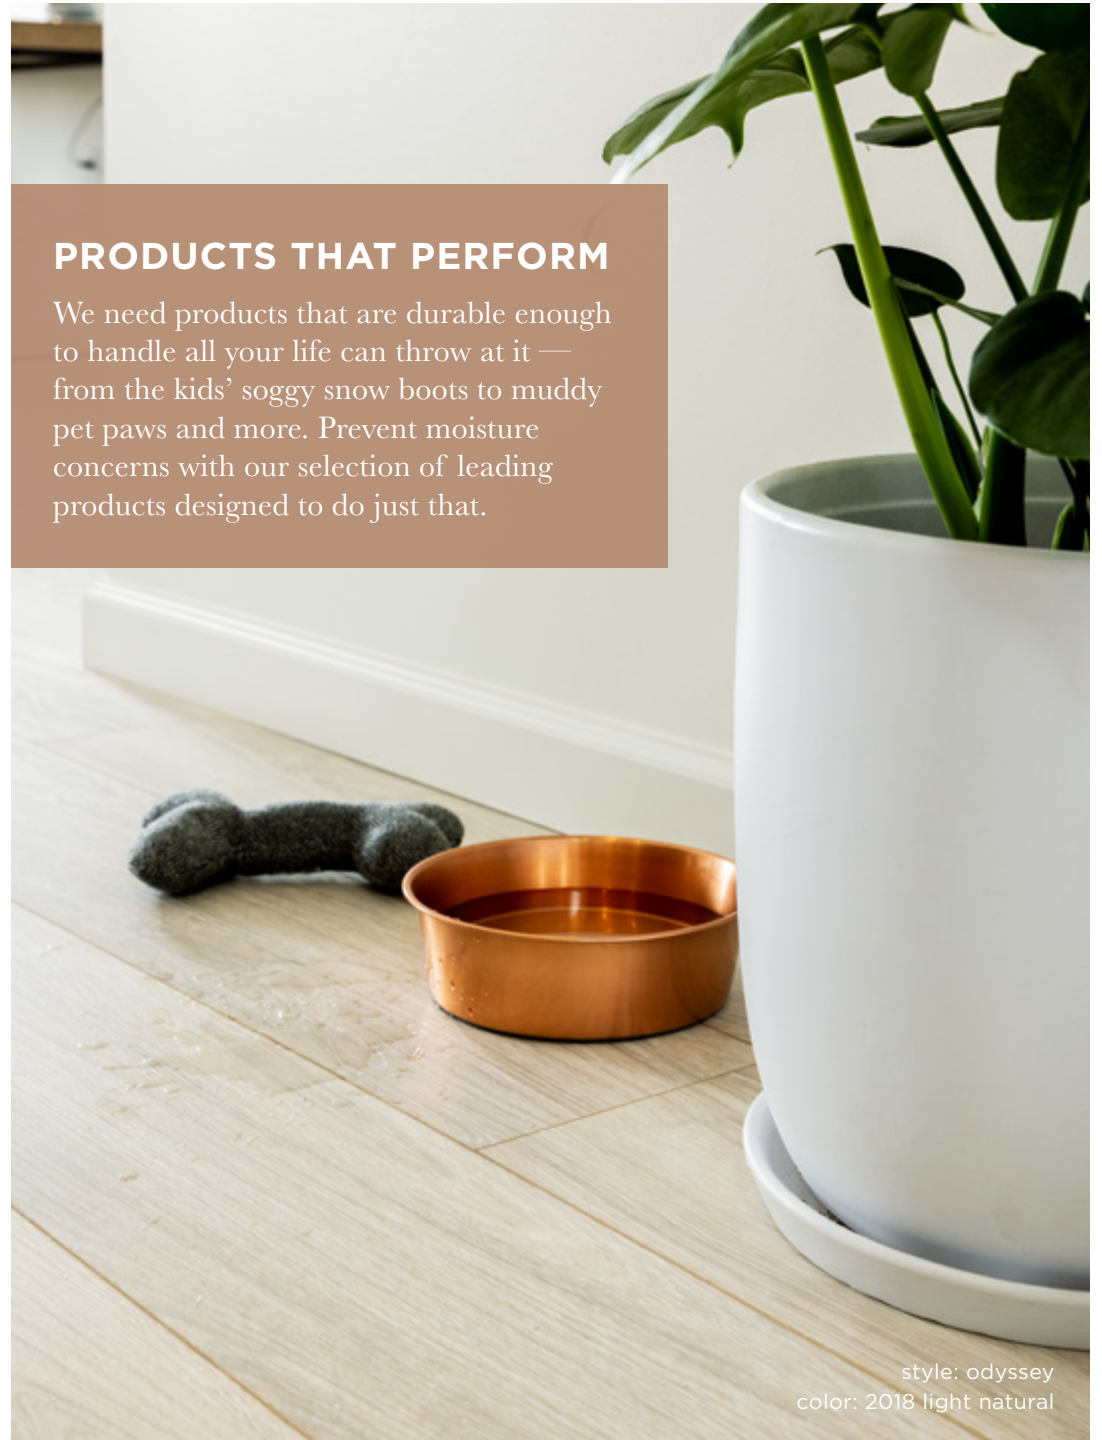

Like your kids and pets, your home is part of your family. Make sure it works for every person and paw.

MEETING NEW NEEDS

Increased time spent at home has changed what you need from it. Most homes used to only have one “living room,” but now all our rooms are used for living.

05

SOUND IN YOUR SPACE

Listen up! Sound is an important variable to consider in your home and choosing the right flooring can work wonders.

style: mineral king
color: 2002 bravo

HEAR IT HERE FIRST

It's important to choose flooring for your home that reduces unwanted noise. Carpet and rugs are excellent ways to soften sounds throughout your home.

floorté hardwood
style: exquisite
color: 1057 brightened oak

CONSIDER EVERY ASPECT OF YOUR SPACE

As you work to pull your room together, make sure to consider sound as a factor — this is often an overlooked element that can make a big impact.
