

Reside

ShawContract®

Reside creates a strong foundation for life. Calming colors and warm wood tones create a welcoming space.

The modern wood visuals in Reside are built to create welcoming spaces with design flexibility in mind. Reside is available in 8 mil and 12 mil wear layers for light commercial and living environments, and 20 mil wear layer for heavy commercial spaces. The variety of Reside wear layer constructions fit multiple specification needs.

The variation of tones in the wood visuals create subtle interest on the floor, like that of a real hardwood. Designed with human impact in mind, Reside is manufactured without ortho-phthalates and is FloorScore® certified, assuring healthy indoor air quality and low VOC emissions.

Color and Visual Variation Index

Shade and texture variation is inherent in all resilient products and can vary significantly from piece to piece. Samples should be used to assess color.

Reside

Reside has a layered construction that is engineered for durability in light to heavy commercial environments. It features our maintenance friendly **ExoGuard™** finish for protection against daily wear and tear.

Multiple Wear Layers

Reside is available in a 8 mil, 12 mil and 20 mil wear layer so you can select the best product for your space based on use and cost.

FloorScore® IAQ Certified

This product is third party certified for low VOC emissions, contributing to valuable IEQ points for LEEDv4 credits.

Polish-Optional Reduces Cost

ExoGuard™ is a polish-optional finish that can reduce the cost of annual maintenance.

Built to Perform

Proper embossing, lower gloss levels and an ExoGuard™ topical finish protects against daily stains and abrasion.

Multiple Installation Possibilities

The 6 x 47 in | 15 x 120 cm plank allows for fun and flexible installations, including ashlar, brick, herringbone and stagger.

Performs with Static and Rolling Loads

The high PSI tolerance of the product enhances resistance to indentation in areas with heavy static and rolling loads per ASTM test methods.

Recommended Applications

8 mil + 12 mil

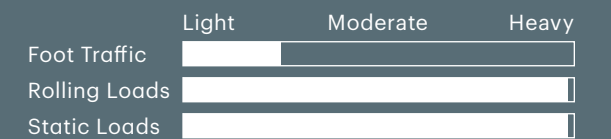

Ideal for Light Commercial Environments:

Light Retail | Light Workplace | Military Housing | Multi-Family | Senior Living | Student Housing

20 mil

Ideal for Heavy Commercial Environments:

Education | Healthcare | Hospitality | Workplace | Multi-Family | Senior Living | Retail

This product is manufactured and sold for floorcovering use only. To meet warranty requirements, approved adhesives must be used for glue-down application as outlined in the Shaw Contract installation instructions. Installation and maintenance instructions can be found on shawcontract.com. Specifications are subject to nominal manufacturing variances. Material supply and / or manufacturing processes may necessitate specification changes without notice. Not for use in commercial wet areas due to slip and fall concerns.
