

# Our Pledge

We are living in times of urgent social and environmental change. As individuals, the design community & societies at large, we are questioning how we can create a better, fairer future.

At the heart of Shaw Contract we design products and solutions with our customers in mind. Everybody counts.

1. **Material Health**
2. **Circular Economy**
3. **Diversity, Equity & Inclusion**
4. **Carbon Impact**

At Shaw Contract, we are a human-centric, people-powered

organization with an ambition for progress in every fiber of our beings. Time's up on standing still; we need to be the change we need. So we don't just stand, we walk forward with purpose and optimism.

When we talk about sustainability we join the causes of people and planet together, social and environmental concerns combined.

Sustainability is what unites us. It is our foundation and our purpose: our equal rights, our shared experience, our hopeful future. It is the air we breathe and the earth we stand upon.
